DELIVER YOUR MESSAGE WITH CONFIDENCE

Quick Visuals Pro is a feature rich web conferencing solution. That allows you to share your desktop, give a sales presentation, see everyone on **HD webcams** or conduct a webinar. QV Pro's sleek easy to understand interface is all about usability and allows you to focus on your message. All of this for a price that is a **fraction of the cost** of other solutions

FLEXIBLE SOLUTIONS FOR YOUR ORGANIZATIONS NEEDS

QV Pro is a cloud based service that requires **no client to download** and you can easily **join from all major browsers**. QV Pro builds on the robust Flash conferencing platform and appropriately compliments it using **evolving WebRTC standards** with Flash rollback option. QV Pro utilizes a breakthrough approach incorporating open standards allowing **agile development** advantage in addition to adding key **enterprise capabilities** such as scaling, security and viewable recording without requiring a proprietary player.

FULLY CUSTOMIZABLE MEETING LAYOUT

QV Pro offers **100% customizable meeting layouts**. Allowing you to choose between focusing solely on a document, solely on webcams or a hybrid of both options. You can even create your own custom layouts to meet your needs. QV Pro also offers an online library allowing you to upload and share PowerPoint, PDF, Word, Excel, and image files.
